## President's Perspective

### Mark Hanner

#### Greetings-

After a two-year hiatus, we eagerly look forward to our first live meeting at Matthaei Botanical Gardens, February 23, and I'm hoping I will remember just how the program works! We start out the year with a favorite of mine in the bonsai world, the knowledgeable and personable fellow we know as Rozi, from the Flower Market open studio days. March presents us with an experiment in a hybrid format, but we'll get to those particulars next letter.

Though we are turning a corner regarding the pandemic, there are still some measures we must take, to meet our obligations to the University, whose policies determine how we use the facility. One is to wear a mask for the indoor meeting, since we will have a lot of folks indoors. The other is to do a pre-screening routine, either in advance, or at the building before entering the auditorium. It only took a couple minutes, and doesn't involve personal details; if you have the final page saved as a screenshot, you can show at entry; [https://umich.qualtrics.com/jfe/form/SV\\_3PminsH4aZnBWER](https://umich.qualtrics.com/jfe/form/SV_3PminsH4aZnBWER).

This year is special in another way, besides the return to our regular format- in July, there will be a special 90th birthday celebration for one of our senior members, Jack Wikle, at Hidden Lake Gardens. More than just a birthday party (and that would plenty of fun by itself), it will

highlight the fundraising for the Jack Wikle Bonsai Legacy, creating a self-sustaining endowment for care of the bonsai collection at HLG's. Our club will be helping out, more details to follow, when we solicit volunteers for the auction that day.

And speaking of volunteering, we are in need of a couple new people to help with the regular functioning of our bonsai society. Specifically, we are looking for someone to take over Bob Bauer's job as Communications Secretary, which involves emailing the membership about meetings and events, and sharing the info to our Facebook page. Bob estimates it takes maybe 2-3 hours a month. He will be delighted to help you through the process, and talk with you at the February meeting about the job. We also are looking for a replacement for Katie Norder, as treasurer; she would like to change to a job that fits better. There is some light bookkeeping involved, keeping track of our expenses for programs, and income from dues and workshops, but a CPA license is not required. In several months, we will be looking for a replacement for Laura Andre, in her roles as Webmaster, and Zoom coordinator. I think we have the Membership spot filled.

So our need is real, and we are at the point where new volunteers are necessary. For a club to prosper and grow, members need to step up and ask- how can I help? Please consider if this is your time to be the person who steps up!

Sure looking forward to seeing you all at our next meeting!

Mark

## More On Our February Meeting...

Ghazi will share insights from his 26 years of experience with bonsai. "I have been a student of bonsai since 1993, when I was gifted my first tree", said Ghazi. "I fell in love with the art right away. I was, initially, self-taught. I read all the books and magazines and watched all the videos I could get my hands on. Today, after the scores of trees that passed through my hands, I still consider myself a student of bonsai. I am now employed at the Flower Market where I practice bonsai as a profession and further my learning through the many workshops and demonstrations given by visiting artists. My favorite trees to work with are juniper, pine, yew, boxwood, mulberry, linden, elm, and cotoneaster. I always enjoy teaching bonsai and sharing what I know with others who might be interested."

The meeting will begin at 6:30 pm. The program will start at 7:00 pm.

## It's a PARTY!!!
